Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Moulton Water Treatment Facility Improvements project in Fiscal Year 2027. The entity to receive funding for this project is the City of Moulton, located at 720 Seminary Street, Moulton, Alabama, 35650. The funding would be used to install a new water filter system at Moulton's Water Treatment Facility, providing safe, reliable drinking water to the community. The project is an appropriate use of taxpayer funds because it will ensure continued access to clean drinking water and reduce the risk of a water crisis during emergencies.

The project has a federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dale W. Strong
